

BRIDGES TO HEAVEN

FALL

We are thankful for:

- Our High River, AB office/training facility enabling us to have a professional setting.
- Our Landlord, Wayne offering three months' rent free over the summer months. Due to COVID restrictions, it was difficult to conduct our normal activities over the past year.
- Generous donation from Statesman Manors which enabled us to keep the doors open over the summer months.
- The opportunity to open our doors for a "Meet & Greet" in August to get to know our neighbours and community.
- For Heather (CERT Grad) who continues to assist in so many ways.
- Opportunity to assist BC wildfire victims with Respirator donation.
- Continued support from Roger Reid, a Christian MLA, who is our Provincial representative.
- God's on-going provisions trusting Him one day at a time.

We would appreciate your prayers for:

- High River churches to come on board and catch the vision for churches connecting with their communities through our Faith Emergency Preparedness Initiative.
- For additional Board Members who have a heart for this ministry (Especially in need of a Treasurer).
- Funding opportunities to be made available that would be a good fit with our initiatives and not be from Lottery funds which we do not accept.
- Community members who would be encouragers and prayer partners.
- A government that will see the valuable contribution we are making in communities for residents to be ready for any disaster that may occur, and to realize that no one agency can handle a major event.
- For Bob who is a CERT Affiliate for Edmonton and GEA. For additional CERT Affiliates to take our programs to other localities.

Thank you for your prayers
