

We are thankful for:

- Another year to serve the Lord through building Bridges of Love.
- Continued health and passion for this ministry.
- Open door for funding through the Alberta Government.
 - Assistance from friend Gayl, who offered assistance, writing the grant proposal.
- Our office/training facility that is indeed a great blessing.
- God providing for our financial needs as they arise, trusting Him one day at a time.
- The opportunity to work with Mount Royal University students who will be assisting with our communication and marketing plans.
- Opportunity to present at the coming NAIT/AEMA Stakeholders Virtual Summit in March.
- Our Board Member Judy McMillan-Evans who is a treasured gift to Bridges of Love.
- Cam, Andrew, and Alan who took the CERT Train-the-Trainer course to be qualified to teach the basic CERT training.

We would appreciate your prayers for:

- Success with our Alberta Civil Society Grant Application (Should know by the end of March).
- For the Mount Royal University students who will be working on our communication/marketing plans to launch FEPI and CERT across Alberta.
- Acceptance as presenters for the up-coming NAIT/AEMA Stakeholders Summit in March.
- For additional Board Members who have a heart for this ministry (Especially in need of a Treasurer).
- God's wisdom to know when would be the right time to have a CERT Canada Summit in High River while COVID is still a concern for gatherings.
- If successful with the Alberta Grant, for God to be preparing the heart of two people, to join Bridges of Love as staff members.

Thank you for your prayers
