Warmest Greetings,

We continue to pray for God's direction, wisdom, and provisions regarding a new office space for Bridges of Love Ministry. After searching for over a year, a former Law Office in Claresholm, AB, appears to be a very good fit. There are hurdles to over-come, however, as purchasing a commercial property brings additional costs and challenges but we feel this facility would allow growth, expansion, and sustainability.

An ol' folk story called "**Stone Soup**" was shared in last month's [Newsletter](#). It tells of weary travellers, strangers looking for something to eat and a warm place to stay. They come across a small village and try to convince the people to each share a small amount of food in order to make a meal that everyone could enjoy. But the villagers close their doors saying they have little food for themselves and hurry to hide what they have. With not a scrape of food to be shared, the hungry strangers call out...*"We have asked you for food, and you say you have none. Well then, we'll have to make stone soup."* Stone soup? That would be something to know about. The villager's eyes grew wide as they watch the travellers drop stones into a very large pot filled with boiling water. Hoping to share in this new dish, they bring spices, vegetables, and beef – a rich man's soup. All from a few stones; it seemed like magic! At last the soup was ready. Such a soup, and how good it smelled. Truly, fit for a king! The villagers exclaimed...*"Never has there been such a feast and we will never go hungry again, now that we know how to make soup from stones..."*

With many contributing, ["Operation Stone Soup"](#) what they can; the ["SHEPHERD'S STAFF"](#) Bridges of Love's new facility, will become a reality – a place truly fit for a King – Jesus Lives!. This is indeed a God sized project but many will benefit to God's Glory.

For God's Glory,
