

BRIDGES OF LOVE MINISTRY SOCIETY

“The Power of Civil Society, Moving at the Speed”

RESPONSE

CHURCHES HELPING NEIGHBOURS, FEPI

When disaster strikes, the FEPI church on-line database includes 24 hr. contact, facility, resources, and volunteer information to be ready with a quick & effective response.

FEPI Associate: The lead FEPI church is given access to Bridges of Love’s database for their county. The Associate County Church is the only FEPI church that can log into the database and are the hub for sharing disaster and other vital information with community and other FEPI churches after a catastrophic event. The Associate Church has a dedicated individual to oversee this vital role!

NEIGHBOURS HELPING NEIGHBOURS, CERT

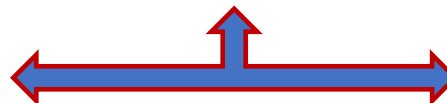

CERT graduates have basic emergency training & equipment to assist themselves, family, and community where they bridge the critical gap until the first responders are on the scene.

CERT Affiliate: CERT Affiliates introduce and facilitate CERT training in their chosen locality. Affiliates receive all the materials to duplicate CERT in their region developing CERT teams of prepared and equipped community volunteers. CERT Canada Affiliate Agreement is intended to protect Bridges of Love’s (BoFL) goals, standards, and mission, providing safety, uniformity, and consistency.
